

Sahil Jadhav

Results driven software developer with a strong foundation both in front end and back end technologies Highly motivated and skilled in ASP.Net MVC framework, JS and JS frameworks .Eager to continuously learn and grow, I am enthusiastic about applying my skills and creativity to develop cutting-edge web applications that enhance user experiences.

Educational Background

BTech in Information Technology

Pillai College Of Engineering, New panvel

Dec 2020 - May 2024

9.40 CGPA

Work Experience

Software Developer

July 2024 - Present

- Developed and designed web interfaces using HTML, CSS, and Kendo UI for responsive and user-friendly applications.
- Implemented repository services design pattern within an MVC architecture to ensure clean and maintainable code.
- Utilized Entity Framework with DbContext for efficient database interaction and created Web APIs for seamless data communication.
- Maintained, developed, and debugged existing projects while developing and creating new features to enhance functionality and ensure stability and performance.

Dot Net Developer

Dec 2023 - June 2024

- Created responsive web interfaces with HTML, CSS, and JavaScript, improving overall user experience.
- Managed databases by designing schemas, defining relationships, and executing operations with SQL and ORM frameworks
- Developed models, views, and controllers following the MVC architectural pattern for modular and maintainable code.
- Extended functionality of existing projects Integrated seamlessly with existing components, creating custom business logic (BLL) and data access logic (DLL) for a cohesive implementation.

React Frontend Developer Intern

Sept 2023 - Oct 2023

- Developed and maintained React components for the company's official website, ensuring seamless data flow from backend APIs.
- Utilized Postman to test and verify API endpoints.
- Made enhancements and modifications to existing components for improved functionality and performance.

Projects

• Customization in AuctionWorx Website

- Implemented seller and admin interfaces for custom discount coupons in AuctionWorx.
- Enabled coupon management with admin oversight, enhancing checkout with coupon options in invoices.
- Implemented precise coupon discount calculations and allowed admin to adjust discounts and add coupons.
- **Technologies** - HTML,CSS,JS, JQuery, Ajax, C#,ASP .NET MVC,SQL Server

• Library Management system

- Built a comprehensive system for efficient book management in a library setting.
- CRUD operations on Book data by Admin without page refreshes using ajax.
- Enabled Role wise Functionalities to the System
- **Technologies** - HTML,CSS,JS, JQuery, Ajax, C#,ASP .NET MVC,SQL Server

• Momento

- A Social Media Application - the platform to connect, share, and chat with friends! Users showcase their life with photos, moments and engage in conversations through the chat feature
- **Technologies** - HTML, CSS, JS, React JS, Node.js, Express.js, Mongo DB

Skills

Technical Skills

- Programming Language : C#
- ORM : Dapper , Entity FrameWork
- Database : SQL Server, MySql, MongoDB
- Web Development: HTML5 , CSS3 , Bootstrap, JavaScript , JQuery, Web API , Kendo UI , Material UI
- Web Framework: ASP .NET MVC Framework, Linq, Ajax , React JS ,Node JS, Express JS

Soft Skills

- Critical Thinking
- Problem Solving
- Team Player
- Time Management
- Flexible and adaptable
- Communication

Tools

- Vs code,
- Visual Studio
- GitHub
- SSMS
- Dbeaver
- Postman
